If your account remains dormant for 3 years, we have a legal obligation to remit balances exceeding \$500 to the Australian Securities & Investment Commission (ASIC) as unclaimed monies.

Part 3: Operating an Account

1. Account Signatories

When the account is opened, you must notify CMCU of all persons who will be signing on the account. All of these signatories must be identified. (See Part 2 Section 8 'How to Become a Member and Account Operations' for identification requirements.)

All signatories can operate fully on nominated accounts under a membership. Loan signatories will require additional paperwork.

You will be responsible for all liability that is incurred as a result of action by any authorised signatory on the account. Any signatory alterations must be in writing.

2. Joint Accounts

A joint account is an account held by two or more persons. The important legal consequences of holding a joint account are:

- The right of survivorship – when one joint holder dies, the surviving joint holders automatically takes the deceased joint holder's interest in the account (for business accounts different rules may apply see note below)
- Joint and several liability – if the account is overdrawn, each account holder is individually liable for the full amount owing.

You can operate a joint account on an 'all to sign' or 'Number to sign' or 'either/or to sign' basis:

- 'all to sign' means all joint holders must authorise withdrawal transaction and account changes
- 'Number to sign' means a nominated number of joint holders must authorise withdrawal transaction and account changes
- 'either/or to sign' means any one joint holder can transact on the account

All joint account holders must consent to the joint account being operated on an 'either/or to sign' basis. However, any one joint account holder can cancel this arrangement, making it 'all to sign' or 'Number to sign'.

For accounts that are 'all to sign' or 'Number. to sign' some payment instructions are affected. For example, cards cannot be issued on accounts that require more than one signatory to make a withdrawal. Also transactions cannot be conducted using Phone Banking; however balance and transactional enquiries can be conducted. Internet/Mobile Banking can be used, but signatories to the account must have Internet Banking Access (see Part 5 Section 14 EFT Access Facilities and ePayments Conditions of Use for Terms and Conditions).

Note: the right of survivorship does not automatically apply to joint business accounts, such as partnerships. A partner's interest in a business joint account would normally pass to beneficiaries nominated in the partner's will or next of kin if there is no will. If you are operating a business partnership joint account, you should obtain your own legal advice to ensure your wishes are carried out.

3. Third Party Access

You can authorise us at any time to allow another person to operate on your accounts to do the following:

- Carry out withdrawals on the account, for any purpose, including signing cheques;
- Make enquiries about account balances and transactions on the account, including any debt balances or available credit on a transactional account.

However, we will need to verify the identity of the person before they can access your account see Part 2 Section 8 'How to Become a Member and Account Operations'.

An authorised person operates on all accounts you have nominated them to have access to. You are responsible for all transactions your authorised person carries out on your account. You should ensure that the person you authorise to operate on your account is a person you fully trust.

You may revoke the authorised person's authority at any time by giving us written notice; however the account owner will remain responsible for all transactions conducted by the third party prior to revocation of the authority. You must also surrender all access facilities held by the third party.

4. Making Deposits to the Account

You can make deposits to an account:

- by Cash or Cheque at any of our branches;
- by Direct Credit e.g. wages
- by transfer from another account with us;
- by transfer from another financial institution;
- by encoded Deposit Books – to be used at NAB branches

Note that electronic deposits may not be processed on the same day. Please refer to Part 4 Section 5.5 'Terms and Conditions for Access methods, Deposit accounts, Fixed Term Deposits and Payment Facilities'.

5. Withdrawals

If your account has a Visa Debit Card attached, withdrawals can be made via an Automatic Teller Machine (ATM) or by using Electronic

Funds Transfer Point of Sale (EFTPOS) terminals. (See the Part 5 'EFT Access Facilities & ePayments Conditions of Use').

If the account has a member chequing facility attached, withdrawals can be made by cheque or by cashing a cheque in a branch. When a cheque is presented by a third party for encashment, identification of the third party is required and the cheque must state "cash" on it.

Withdrawals can also be made by corporate cheque or cash from any branch.

6. Transaction Fees to which Member Rewards Apply

A fee which is subject to a rebate applies to any of the following transactions on a membership:

- ATM withdrawals (excluding direct charge by ATM owner)
- Member cheque presentment
- Direct debits
- BPAY®
- External credit transfer
- Business cheque deposit
- Staff assisted transfers and withdrawals

These charges will be rebated to a maximum monthly amount dependant on the level of member support calculated for that membership (Member Reward).

The level of membership support is calculated on the average balances for the month using the total sum of all accounts on deposit and borrowed.

For details of applicable fee amounts and maximum rewards refer to the Schedule of Fees, Charges and Member Rewards.

Chargeable transactions on joint accounts will be included with those of the first-named account-holder for the purposes of calculating total fees subject to Member Reward.

The value of Member support represented by joint accounts will be included with that of the first-named account-holder for the purposes of calculating Member Reward.

The total fee applicable will be debited on the last day of the month.

7. Declined Transaction Fee

A fee applies when an ATM or EFTPOS transaction cannot be completed due to conditions which are in the control of the user, such as:

- Expired card being used;

- Insufficient funds;
- Incorrect PIN or PIN tries exceeded;
- Exceeds daily withdrawal limit;
- Transaction not permitted.

The fee applies to all member initiated declined transactions at ATM or EFTPOS terminals. Transactions declined through no fault of the member will not attract a charge.

The fee will be debited on the last day of the month.

The details of the fee are published in the Schedule of Fees, Charges and Member Rewards.

8. Right to Set Off Against Shares and Deposits

If you have more than one account (including loan or credit facility) with us, we may set off the credit balance of any of your deposit accounts against any debt owing by you to us from time to time. This means that we can transfer money from one account to another if one transaction/savings account is overdrawn without prior authorisation or a loan or a credit facility repayment has not been made.

In instances where CMCU is bound by a specific code, there may be limits on the extent to which funds from your various accounts may be transferred.

Any penalties applicable to early withdrawal from those accounts shall apply in such instances.

9. Overdrawing an Account – Unauthorised Overdrafts

You must keep sufficient cleared funds in your account to cover your cheque, direct debit and EFT transactions or any other withdrawals by any means. If you do not, we can dishonour the transaction and charge dishonour fees (see the Schedule of Fees, Charges and Member Rewards Brochure)

Alternatively, we can honour the transaction and overdraw your account. We will charge you an overdrawn account fee (see Schedule of Fees, Charges and Member Rewards).

Any unauthorised overdrawing of your account will be considered as an application for credit. Unless the debt is immediately repaid you shall be liable to CMCU for its reasonable costs in recovering the debt including any fees and charges as set out in the Schedule of Fees, Charges and Member Rewards brochure arising out of, or in any way connected with, the collection or enforcement of the debt. You are in default by allowing your account to become overdrawn or to exceed any agreed overdraft limit. CMCU will be entitled to debit your account for the amount of interest calculated on the unauthorised overdraft facility until your default is remedied.

10. Account Statements

Statements will normally be sent to you at least every six months or annually if there are no transactions. Statements are not sent for dormant/inactive accounts. If you have a Visa Debit Card or Member Chequing facility, a statement will be issued each month. Only the first named owner of a joint account will receive a statement of that account, unless requested differently.

A fee applies for all other statement requests; please see the Schedule of Fees, Charges and Member Rewards for further details.

We can also provide your statements electronically. Please ask about this facility.

When we activate your internet banking facility we will automatically change the delivery of your statements to electronic. You can request to revert back to paper based statements at any time.

Please check your statement to make sure that all details are correct and all withdrawals have been authorised by yourself or a signatory on the account.

12. Closing Accounts and Cancelling Access Facilities

You can close any or all of your accounts at any time. CMCU will, upon your request, close an account that is in credit. The credit balance plus interest accrued, if any, less account fees applicable to the closing date, will be paid to you.

If the account is holding uncleared funds the account may not be closed until the funds have cleared. If the account is in debit, the outstanding balance plus any fees and interest accrued must be paid to CMCU before closure.

An account with cheque access may only be closed once all outstanding cheques have been presented and any unused cheques have been returned to CMCU for destruction.

An account with card access may only be closed once all outstanding card transactions have been processed and all cards linked to the account have been returned to CMCU for destruction.

You should ensure that any direct debit or direct credit providers have been notified of the closure, which CMCU can do on your behalf.

13. Cheque Deposits

Funds from cheques deposited to members' accounts will not be available until the expiry of a clearance time dependent upon the drawer of the cheque.

Clearance times are as follows:

Type of Cheque	Clearance Period	Extensions
Over the counter	3 business days	Yes – where public holidays and weekends fall during the clearance period
Deposited via the National Australia Bank	4 business days	Yes – where public holidays and weekends fall during the clearance period
Foreign Currency	Funds available after clearance from CMCU's clearing bank (usually 30 days)	

Cheques will be credited to the account of the payee shown on the cheque, unless endorsed to be paid into another account by the payee (subject to the requirements of the Cheques Payments and Order Act)

A request for "Special Clearance" on a cheque may be made at the time of deposit for a fee (current fee available on request). Funds will be available upon confirmation by the drawer's bank that the cheque has been cleared (usually 1-2 days).

Dishonoured Cheque Deposits

- Cheques banked into a member's account can be dishonoured in certain circumstances, such as where:
- The cheque banked is stale, i.e. older than 15 months; or
- The cheque banked is post-dated or is unsigned; or
- A stop payment has been placed on the cheque by the drawer; or
- The drawer has insufficient funds to cover the amount of the cheque.

A dishonour fee will apply to all dishonoured cheques to cover any processing costs incurred by CMCU. Please refer to the Schedule of Fees, Charges and Member Rewards for further details.

14. Cheque Books

Cheque Books are available in 25, 50 & 100 sizes. Fees are applicable to the supply of a cheque book and for each cheque presented. Please see the Schedule of Fees, Charges and Member Rewards for further information. If your cheque book is lost or stolen you must advise CMCU as soon as possible in writing. Stop payments will be placed on the remaining cheques.

Dishonoured Cheques

A cheque will be dishonoured if:

There are insufficient funds available in the account at the time the cheque is presented.

It has been completed incorrectly.

There are alternations that are not initialled.

It is not signed by an authorised signature,

It is dated in the future.

Fees are applicable for any cheque dishonoured by CMCU. Please see the Schedule of Fees, Charges and Member Rewards.

What do I do to reduce the risk of forgery?

When writing a cheque:

- Avoid leaving gaps between words or figures;
- Start writing the amount in words as close as possible to the words “The sum of” that are printed on the cheque;
- Start writing the amount in figures as close as possible to the dollar sign (\$) that is printed on the cheque;
- Never write in pencil or erasable ink;
- Never sign a cheque before it is used or filled in;
- Always write the amount of the cheques in words as well as figures, as words are more difficult to alter;
- Always draw a line after you have written the person’s name and the amount of the cheque.

Doing this will prevent anything from being added to the cheque once you have finished filling it in.

Crossing a Cheque “Not Negotiable” or “Account Payee Only”

If you cross a cheque, it is a direction to CMCU to pay the cheque into an account at a financial institution. A crossing does not actually

prevent the cheque being negotiated or transferred to a third party before presentation to a financial institution for payment.

Crossing a cheque means drawing 2 lines clearly across the face of the cheque.

When you cross a cheque or add the words “not negotiable” between the crossing you may be able to protect yourself, but not always, against theft or fraud. This crossing sometimes serves as a warning to the collecting financial institution, if there are other special circumstances that it should inquire if its customer has good title to the cheque.

When you add the words “account payee only” between these lines you are saying that only the named person can collect the proceeds of the cheque. These words may give you better protection against theft or fraud. It would be prudent for the collecting financial institution to make inquiries of the customer paying the cheque in, if the customer is not the payee of the cheque.

Deleting “Or Bearer” on the Cheque

Your pre-printed cheque forms have the words “or bearer” after the space where you write the name of the person to whom you are paying the cheque. The cheque is a “bearer” cheque. If you cross out the words “or bearer” and do not add the words “or order”, the cheque is still a bearer cheque.

You can give yourself more protection against theft or fraud by crossing out the words “or bearer” and adding the words “or order”.

How do I put a stop payment on a Cheque?

You can stop payment on a cheque by completing a “Stop Payment Request Form”. You must, of course, do this before CMCU has paid the cheque.

15. Credit Union Corporate Cheque

A corporate cheque is a cheque that is drawn by CMCU rather than on a member’s own account. By law, corporate cheques are treated the same way as ordinary cheques. This means that, in some circumstances a corporate cheque may be subject to a stop payment or may not be paid.

How do I Stop a Corporate Cheque?

If you lose a corporate cheque or it is stolen, you can ask CMCU to stop payment on the corporate cheque. You have to give CMCU an indemnity - the indemnity protects CMCU if someone else claims that CMCU wrongfully stopped the cheque.

CMCU will not stop payment on a corporate cheque if you use the cheque to buy goods or services and you are not happy with them. You must seek compensation or a refund from the provider of the goods or services. You should contact your Government Consumer Agency if you need help.

A fee applies to the issuing and stop payment of corporate cheque. Please refer to the Schedule of Fees, Charges and Member Rewards

16. Payroll Deduction

Payroll Deduction means a payment which is debited from a member's payroll by their employer and forwarded to CMCU on their behalf.

Payroll Deductions can be allocated between accounts provided that the allocation is requested in writing and received prior to the posting of the credit.

Where insufficient funds are received to cover a nominated allocation, funds will be credited in the order nominated until exhausted. Where funds credited are greater than the nominated allocation, excess funds will be credited to the last nominated account.

3. Any request to cancel a direct debit authority must be received by CMCU in writing. The cancellation will not take effect until written notice is received.
4. To suspend, change the amount or date of payment, notice must be received the day before the direct debit is due. All requests must be in writing and will not take effect until notice is received.
5. A dishonour fee will apply if the payment is dishonoured for any reason by the financial institution where your account is held. Please refer to our Schedule of Fees, Charges and Member Rewards for further details.
6. Every endeavour will be made to ensure that the debit is processed to your account at your nominated financial institution on the date specified on your authority, or on the following business day if your nominated date falls on a non business day. We accept no responsibility if the debit is processed to your account on a date other than the one specified by us when processing your request.
7. Funds credited to your account received via direct debit will be subject to three (3) working days clearance.

You must sign a Payroll Split form if you wish to have any portion of your direct credit redirected to any other CMCU account. This allocation must be received prior to the posting of the credit.
5. Payments made to accounts in error may be recalled by the remitting institution. We do not accept liability for funds credited in error to accounts due to an incorrect account number being supplied by the remitter. However:
 - Where there are sufficient funds to cover the recalled amount, we will debit the account credited for the amount of the incorrect credit; or
 - Where there are insufficient funds to cover the recalled amount, you agree to incur and repay the debt up to the amount of the recalled payment and any associated fees incurred in retrieving these funds where the amount exceeds the balance of the account credited.
6. Payments received by us with invalid account details will be manually reviewed within one working day of receipt and either credited to the correct account, where the account can be identified, or returned to remitter.
7. We accept no responsibility for the date a credit is posted to your account, as this is the date set by the remitting institution.
8. Any instruction for direct credit received on a non-business day will be processed and payment credited on the next following business day.

Part 5: Electronic access facilities and ePayments conditions of use

1. Information about our ePayment facilities

Familiarise yourself with the steps you have to take to report loss or theft of your access card or to report unauthorised use of your access card, BPAY®, Phone Banking or Internet/Mobile Banking.

If you change a pass code, do not select a pass code which represents your date of birth or a recognisable part of your name.

Never write the pass code on the access card

Never write the pass code on anything which is kept with or near the access card.

Never lend the access card to anybody.

Never tell or show the pass code to another person.

Check your statements regularly for any unauthorised use.

Immediately notify us when you change your address.

ALWAYS access Phone Banking and Internet/Mobile Banking only using the OFFICIAL phone numbers, mobile applications and URL addresses.

If accessing internet banking on someone else's PC, laptop, tablet or mobile phone, ALWAYS DELETE your browsing history.

ALWAYS REJECT any request to provide or to confirm details of your pass code. We will NEVER ask you to provide us with these details.

NEVER allow another person to register their fingerprints on your device as this may allow them login to your Mobile Banking.

DO NOT ALLOW anyone else's fingerprints or face to access the device on which you access Mobile Banking.

CMCU can switch the contactless functionality off if requested in writing by the member.

Important Information about Chargebacks for VISA Debit Card

If a VISA Debit Card transaction was:

- Unauthorised;
- For goods or services and the merchant did not deliver them; or
- For goods and services which did not match the description provided by the merchant.

then you can ask us to 'chargeback' the transaction, by reversing the payment to the merchant's financial institution. You can do so by telling us within 30 days after the date of the statement which shows the transaction and providing us with any information we may require.

You are not able to reverse a transaction authenticated using Verified by VISA unless we are liable as provided in the ePayments Conditions of Use.

You should inform us as soon as possible if you become aware of circumstances which might entitle you to a chargeback and let us have the cardholder's copy of the VISA transaction receipt in question.

We may in good faith chargeback some or all of the amount disputed. However, if we do chargeback the transaction, and Visa subsequently declines to chargeback the transaction, we reserve the right to deduct the refunded amount from your account.

5. Pass code security requirements

This section applies where one or more pass codes are needed to perform a transaction.

1. A user must not:
 - a) Voluntarily disclose or show the PIN, Secret code or password to another person, including a family member or friend
 - b) Where a device is also needed to perform a transaction, write or record pass code(s) on a device, or keep a record of the pass code(s) on anything:

- I. Carried with a device
- II. Liable to loss or theft simultaneously with a device

Unless the user makes a reasonable attempt to protect the security of the pass code.

- c) Where a device is not needed to perform a transaction, keep a written record of all pass codes required to perform transactions on one or more articles liable to be lost or stolen simultaneously, without making a reasonable attempt to protect the security of the pass code(s).
- d) Allow anyone else's fingerprint or face to be registered to their device which is used to access Mobile Banking.

Note: You will be held liable for any loss you suffer as a result of you not observing these passcode security requirements.

2. For the purposes above, a reasonable attempt to protect the security of a pass code record includes making any reasonable attempt to disguise the pass code within the record, or prevent unauthorised access to the pass code record, including by:
 - a) Hiding or disguising the pass code record among other records
 - b) Hiding or disguising the pass code record in a place where a pass code record would not be expected to be found
 - c) Keeping a record of the pass code record in a securely locked container
 - d) Preventing unauthorised access to an electronically stored record of the pass code record.

This list is not exhaustive

3. A user must not act with extreme carelessness in failing to protect the security of all pass codes where extreme carelessness means a degree of carelessness that greatly exceeds what would normally be considered careless behaviour.

Note 1 an example of extreme carelessness is storing a user name/member no and pass code for Digital Banking in a diary or BlackBerry, Smartphone or computer that is not password protected under the heading 'online banking code'.

The following are not reasonable attempts to disguise your PIN:

- The PIN recorded in reverse order
- The PIN recorded as a telephone number or word where there are no other telephone numbers or words recorded.

- The PIN recorded as a four digit number, prefixed by an area code.
 - The PIN hidden in a series of numbers or words with any of them marked, circled or in some way highlighted to indicate the PIN.
 - The PIN disguised as a date or an amount.
4. You must not select a pass code that represents your birthdate or a recognisable part of your name. If you do choose an obvious pass code, such as a name or date, you may be liable for any losses which occur as a result of unauthorised use of the pass code before you notify us that the pass code has been misused or has become known to someone else.
 5. ALWAYS REJECT any request to provide or confirm details of your pass code. We will never ask you to provide us with these details.

 - c) If you are responsible for a mistaken BPAY® payment and we cannot recover the amount from the person who received it within 20 banking business days of us attempting to do so, you will be liable for that payment.

20. Future-dated BPAY® payments

- 1. You may arrange BPAY® payments to be dated in advance of the time of payment. If you use this option you should be aware of the following:
 - a) You are responsible for maintaining, in the account to be drawn on, sufficient cleared funds to cover all future-dated BPAY® payments (and any other drawings) on the day(s) you have nominated for payment or, if the

account is a credit facility, there must be sufficient available credit for that purpose.

- b) If there are insufficient cleared funds or as relevant, insufficient available credit, the BPAY® payment will try for another 5 days, after which the payment will not be made.
 - c) You are responsible for checking your account transaction details or account statement to ensure the future-dated payment is made correctly.
 - d) You should contact us if there are any problems with your future-dated payment.
 - e) You must contact us if you wish to cancel a future-dated payment after you have given the direction but before the date for payment. You cannot stop the BPAY® payment on or after that date.
- 2. Fees may apply to these services. Please refer to our Schedule of Fees, Charges and Member Rewards for further details.
 - 3. Any amendment to these terms and conditions will be advised to members in the local media, through a notice in a member newsletter or an account statement, or by way of an insert included with their statement.

21. Consequential Damage for BPAY® Payments

- 1. This clause does not apply to the extent that it is inconsistent with or contrary to any applicable law or code of practice to which we have subscribed. If those laws would make this clause illegal, void or unenforceable or impose an obligation or liability which is prohibited by those laws or that code, this clause is to be read as if it were varied to the extent necessary to comply with those laws or that code or, if necessary, omitted.
- 2. We are not liable for any consequential loss or damage you suffer as a result of using BPAY®, other than loss due to our negligence or in relation to any breach of a condition or warranty implied by law of contracts for the supply of goods and services which may not be excluded, restricted or modified at all, or only to a limited extent.

22. Transaction Limits

Cash Withdrawals and Daily EFT Access

A maximum daily cash withdrawal limit (including EFTPOS and any applicable direct charge fees) of \$1,000 applies with each card. This amount may from time to time be reduced below the maximum limit.

Contactless

Limits for contactless transactions apply as set by Visa. CMCU may at its discretion apply a lower or higher daily transaction limit to contactless transactions performed via:

- a) Visa Debit card
- b) Certain devices; or
- c) Certain third party payment services/digital wallets.

BPAY®

BPAY® transaction limits are set by individual billers and not CMCU. However, CMCU reserves the right to limit BPAY® transfers at anytime. However, if using telephone, internet or mobile banking limits apply.

Digital Banking or Telephone Banking

A transaction limit of \$1,000 applies to each account on which you are an owner or signatory. This limit applies upon issue of a pass code and token (internet banking only).

Daily account limits can be increased upon completing a request form available from any branch or printing from CMCU's web site.

CMCU may, at our discretion, reduce your limit to a lower amount, or set it to \$0 for security reasons.

23. When you are not liable for loss

1. You are not liable for all losses caused by unauthorised transactions if the cause of the loss is any of the following:
 - a) Fraud or negligence by our employee or agent, a third party involved in networking arrangements, or a merchant or their employee or agent
 - b) A device, identifier or pass code which is forged, faulty, expired or cancelled
 - c) A transaction requiring the use of a device and/or pass code that occurred before the user received the device and/or pass code (including a reissued device and/or pass code)
 - d) A transaction being incorrectly debited more than once to the same facility, except where a pass code has authorised the transaction
 - e) An unauthorised transaction performed after we have been informed that a device has been misused, lost or stolen, or the security of a pass code has been breached.
2. You are not liable for loss arising from an unauthorised transaction that can be made using an identifier without a pass code or device. Where a transaction can be made using a device, or a device and an identifier, but does not require a

pass code, you are liable only if the user unreasonably delays reporting the loss or theft of the device.

3. You are not liable for loss arising from an unauthorised transaction where it is clear that a user has not contributed to the loss.
4. In a dispute about whether a user received a device or pass code:
 - a) There is a presumption that the user did not receive it, unless we can prove that the user did receive it
 - b) We can prove that a user received a device or pass code by obtaining an acknowledgement of receipt from the user
 - c) We may not rely on proof of delivery to a user's correct mailing or electronic address as proof that the user received the device or pass code.

24. When you are liable for loss

1. If Part 5 Section 5 'EFT Access Facilities and ePayments Conditions of Use' does not apply, you may only be made liable for losses arising from an unauthorised transaction in the circumstances specified in this section.
2. Where we can prove on the balance of probability that a user contributed to a loss through fraud, or breaching the pass code security requirements in Part 5 Section 6 'EFT Access Facilities and ePayments Conditions of Use':
 - a) You are liable in full for the actual losses that occurred before the loss, theft or misuse of a device or breach of pass code security is reported to us
 - b) You are not liable for the portion of losses:
 - a. Incurred on any one day that exceeds any applicable daily transaction limit
 - b. Incurred in any period that exceeds any applicable periodic transaction limit
 - c. That exceeds the balance on the facility including any pre-arranged credit
 - d. Incurred on any facility that we and you had not agreed could be accessed using the device or identifier and/or pass code used to perform the transaction.
3. Where:
 - a) More than one pass code is required to perform a transaction; and

- b) We prove that a user breached the pass code security requirements in Part 5 Section 5 'EFT Access Facilities and ePayments Conditions of Use' for one or more of the required pass codes, but not all of the required pass codes, you are liable under this section only if we also prove on the balance of probability that the breach of the pass code security requirements under Part 5 Section 5 'EFT Access Facilities and ePayments Conditions of Use' was more than 50% responsible for the losses, when assessed together with all the contributing causes.
4. You are liable for losses arising from unauthorised transactions that occur because a user contributed to losses by leaving a card in an ATM, as long as the ATM incorporates reasonable safety standards that mitigate the risk of a card being left in the ATM.

Note: Reasonable safety standards that mitigate the risk of a card being left in an ATM include ATM's that capture cards that are not removed after a reasonable time and ATM's that require a user to swipe and then remove the card in order to commence a transaction.

5. Where we can prove, on the balance of probability, that a user contributed to losses resulting from an unauthorised transaction by unreasonably delaying reporting the misuse, loss or theft of a device, or that the security of all pass codes has been breached, you:
- a) Are liable for the actual losses that occur between:
 - I. When the user became aware of the security compromise, or should reasonably have become aware in the case of a lost or stolen device, and
 - II. When the security compromise was reported to us
 - b) Are not liable for any portion of the losses:
 - I. Incurred on any one day that exceeds any applicable daily transaction limit
 - II. Incurred in any period that exceeds any applicable periodic transaction limit
 - III. That exceeds the balance on the facility including any pre-arranged credit
 - IV. Incurred on any facility that we and you had not agreed could be accessed using the device and/or pass code used to perform the transaction.

Note: You may be liable under this clause if you were the user who contributed to the loss or if a different user contributed to the loss.

6. Where a pass code was required to perform an unauthorised transaction, and clause 24.2-24.5 do not apply, you are liable for the least of:
- a) \$150, or a lower figure determined by us

- b) The balance of the facility or facilities which we and you have agreed can be accessed using the device and/or pass code, including prearranged credit
 - c) The actual loss at the time that the misuse, loss or theft of a device or breach of pass code security is reported to us, excluding that portion of the losses incurred on any one day which exceeds any relevant daily transaction or other periodic transaction limit
- 7. In deciding whether on the balance of probabilities we have proved that a user has contributed to losses under clauses 24.2 and 24.5:
 - a) We must consider all reasonable evidence, including all reasonable explanations for the transaction occurring
 - b) The fact that a facility has been accessed with the correct device and/or pass code, while significant, does not, of itself, constitute proof on the balance of probability that a user contributed to losses through fraud or a breach of the pass code security requirements in Part 5 Section 5 'EFT Access Facilities and ePayments Conditions of Use'.
 - c) The use or security of any information required to perform a transaction that is not required to be kept secret by users (for example, the number and expiry date of a device) is not relevant to a user's liability.
- 8. If a user reports an unauthorised transaction on a VISA debit card account we will not hold you liable for losses under clause 24 for an amount greater than your liability if we exercised any rights we had under the rules of the card scheme at the time the report was made, against other parties to the scheme (for example, chargeback rights).

This clause does not require us to exercise any rights we may have under the rules of the card scheme. However, we cannot hold you liable under this clause for a greater amount than would apply if we had exercised those rights.

25. Liability for loss caused by system or equipment malfunction

- 1. You are not liable for loss caused by the failure of a system or equipment provided by any party to a shared electronic network to complete a transaction accepted by the system or equipment in accordance with user's instructions.
- 2. Where a user should reasonably have been aware that a system or equipment provided by any party to a shared electronic network was unavailable or malfunctioning, our liability is limited to:
 - a) Correcting any errors

- b) Refunding any fees or charges imposed on the user

26. Network Arrangements

1. We must not avoid any obligation owed to you on the basis that:
 - a) We are a party to a shared electronic payments network
 - b) Another party to the network caused the failure to meet the obligation.
2. We must not require you to:
 - a) Raise a complaint or dispute about the processing of a transaction with any other party to a shared electronic payments network
 - b) Have a complaint or dispute investigated by any other party to a shared electronic payments network.

27. Mistaken online payments

1. In this section:

Direct entry means a direct debit or direct credit

Mistaken internet payment means a payment by a user through a 'Pay Anyone' digital banking facility and processed by an ADI through direct entry where funds are paid into the account of an unintended recipient, because the user enters or selects a Bank/State/Branch (BSB) number and/or identifier that does not belong to the named and/or intended recipient as a result of:

- I. the user's error, or
- II. the user being advised of the wrong BSB number and/or identifier.

This does not include payments made using BPAY®

receiving ADI means an ADI whose customer has received an online payment

unintended recipient means the recipient of funds as a result of a mistaken internet payment

2. When you report a mistaken online payment, we must investigate whether a mistaken internet payment has occurred.
3. If we are satisfied that a mistaken internet payment has occurred, we must send the receiving ADI a request for the return of the funds

Note: Under the ePayments Code, the receiving ADI must within 5 business days:

- I. *acknowledge the request by the sending ADI for the return of the funds, and*

- II. *advise the sending ADI whether there are sufficient funds in the account of the unintended recipient to cover the mistaken internet payment.*
4. If we are not satisfied that a mistaken internet payment has occurred, we will not take any further action.
 5. We must inform you of the outcome of the reported mistaken internet payment in writing and within 30 business days of the day on which the report is made.
 6. You may complain to us about how the report is dealt with, including that we and/or the receiving ADI:
 - a) are not satisfied that a mistaken internet payment has occurred
 - b) have not complied with the processes and timeframes set out in clauses 27.2-27.5, or as described in the section 28 below.
 7. When we receive a complaint under clause 27.6 we must:
 - a) deal with the complaint under our internal dispute resolution procedures
 - b) not require you to complain to the receiving ADI.
 8. If you are not satisfied with the outcome of a complaint, you are able to complain to our external dispute resolution scheme provider. Refer to the complaints section on page 11.

Note: If we are unable to return funds to you because the unintended recipient of a mistaken internet payment does not cooperate, you can complain to our external dispute resolution scheme provider.

28. Information about a receiving ADI's obligations after we request return of funds

The information set out in this section is to explain the process for retrieving mistaken payments under the ePayments Code, setting out what the processes are, and what you are entitled to do.

This information does not give you any contractual entitlement to recover the mistaken payment from the receiving ADI.

Process where funds are available and report is made within 10 business days

- If satisfied that a mistaken internet payment has occurred, the receiving ADI must return the funds to the sending ADI, within 5 business days of receiving the request from the sending ADI if practicable or such longer period as is reasonably necessary, up to a maximum of 10 business days.
- If not satisfied that a mistaken internet payment has occurred, the receiving ADI may seek the consent of the unintended recipient to return the funds to the holder.

- The sending ADI must return the funds to the holder as soon as practicable.

Process where funds are available and report is made within 10 business days and 7 months

- The receiving ADI must complete its investigation into the reported mistaken payment within 10 business days of receiving the request.
- If satisfied that a mistaken internet payment has occurred, the receiving ADI must:
 - Prevent the unintended recipient from withdrawing the funds for 10 further business days, and
 - Notify the unintended recipient that it will withdraw the funds from their account, if the unintended recipient does not establish that they are entitled to the funds within 10 business days commencing on the day the unintended recipient was prevented from withdrawing the funds.
- If the unintended recipient does not, within 10 business days, establish that they are entitled to the funds, the receiving ADI must return the funds to the sending ADI within 2 business days after the expiry of the 10 business day period, during which the unintended recipient is prevented from withdrawing funds from their account.
- If the receiving ADI is not satisfied that a mistaken internet payment has occurred, it may seek the consent of the unintended recipient to return the funds to the holder.
- The sending ADI must return the funds to the holder as soon as practicable.

Process where funds are available and report is made after 7 months

- If the receiving ADI is satisfied that a mistaken internet payment has occurred, it must seek the consent of the unintended recipient to return the funds to the user.
- If not satisfied that a mistaken internet payment has occurred, the receiving ADI may seek the consent of the unintended recipient to return the funds to the holder.
- If the unintended recipient consents to the return of the funds:
 - The receiving ADI must return the funds to the sending ADI, and
 - The sending ADI must return the funds to the holder as soon as practicable.

Process where funds are not available

- Where the sending ADI and the receiving ADI are satisfied that a mistaken internet payment has occurred, but there are not sufficient credit funds available in the account of the unintended recipient to the full value of the mistaken internet payment, the receiving ADI must use reasonable endeavors to retrieve the funds from the unintended recipient for return to the holder (for example, by facilitating repayment of the funds by the unintended recipient by instalments).

Part 7: New Payments Platform (NPP) and Osko

1. Osko and NPP

1. We subscribe to Osko under the BPAY® Scheme.
2. As part of NPP and Osko, we offer Osko Service 1 (Payments) which allows customers to make and receive Osko Payments in near real-time. In addition we offer NPP payments.
3. Service 1 and NPP payments will be available to all our customers who satisfy the requirements set out in these Terms.
4. Osko and NPP payments will be available in CMCU's digital banking. CMCU will notify members should these channels change or if new channels are accessible. We will also notify you if we suspend or discontinue a channel. These notifications will be posted on our website or directly to you via mail.
5. We will tell you if, for any reason, we are no longer able to offer you Osko and NPP Payments.
6. Where we are able to do so we will tell you:
 - I. if there are any delays in processing Transactions;
 - II. when your Transaction is likely to be completed; and
 - III. give you the opportunity to cancel a Transaction if it is delayed.

2. How to use Osko and NPP Payments

1. Osko payments are available to be made from any account that allows Internet and Phone banking on Part 4 of CMCU's Product Disclosure Statement – Products and Services – General Terms and Conditions.
2. In order to make an OSKO payment you must be registered to use CMCU Net Banking and must have been allocated a user name, password and have your SMS OTP registered.
3. You must comply with the terms and conditions applying to the account to which you request us to credit or debit an Osko Payment and/or the service you use to participate in Osko, to the extent that those account terms are not inconsistent with or expressly overridden by these Customer Terms. These Customer Terms are in addition to those terms.
4. If there is any inconsistency between the terms and conditions applying to the relevant account and/or service and these Customer Terms, these Customer Terms will apply to the extent of that inconsistency.

3. PayID

1. You do not have to have a registered PayID.
2. When you direct an NPP or Osko Payment to a PayID connected to a joint account, other account holders may be able to see the messages and notifications associated with the Payment. Similarly, depending on the settings you choose for your PayID, other account holders on your account may be able to see messages and notifications associated with Payments addressed to your PayID. You can obtain more information regarding the use of PayIDs by joint accounts at under Section 2 of Part 3 Operating an Account.
3. When initiating a Transaction, you might direct the Transaction to an incorrect account if you get a PayID wrong. To try to avoid this, we will ask you to verify that you have the right PayID. We will do this by presenting you with the associated PayID Name as an additional confirmation of the intended recipient before you submit a Transaction. This will appear as a confirmation screen in CMCU Net Banking or CMCU App before you authorise the payment. Failure to take reasonable steps to ensure you are sending the money to the correct account, including reviewing the PayID name before authorising your payment, may increase your liability if misdirected funds cannot be subsequently recovered.
4. In order to better provide you with the Services under Osko, we may retain, use and disclose certain information relating to PayIDs you use. For example, we may retain information relating to PayIDs you provide us in order to facilitate scheduled payments. Section 7 Part 1 Introduction has more information on how we collect, use, handle and store Personal Information such as PayIDs.

4. How Service 1 works and NPP payments work

1. You can access Service 1 and NPP Payments through our digital banking. It is not necessary to subscribe to the service before being able to use it
2. Service 1 offers you the ability to make a payment in near-real time to another financial institution who is also offering this service. You can make a transaction by either entering a PayID or BSB/Account Number. Once you have entered the payment details we will let you know whether the payee financial institution is able to receive this type of transaction. In rare occurrences where we will not be able to determine this before you make a payment, we will notify you after you have submitted your payment via digital banking and you will be able to resend your payment using a different payment type. You can make immediate, scheduled and reoccurring

payments. The status of your payment will be displayed in the transaction overview.

5. Payment Directions

1. You must give us the information specified in clause 8 below when you send us a Payment Direction. We will then debit the account you specify with the amount of that NPP or Osko Payment on the date requested.
2. Subject to applicable laws, including where applicable the ePayments Code, we will treat your instruction to make an NPP or Osko Payment as valid:
 - I. if you provide us with the following information:
 - a) the amount of the NPP or Osko Payment; and
 - b) if you elect:
 - i. not to use PayID, the details of the Payee's account(s) to be credited with the amount of the NPP Payment; or
 - ii. if you elect to use PayID, the Payee's PayID; and
 - II. when you give such information to us you comply with the security procedures specified in Section 15 of Part 5 EFT Access Facilities and ePayments Conditions of Use.
3. You should ensure that all information you provide in relation to an NPP or Osko Payment is correct as we will not be able to cancel an Osko Payment once it has been processed. This includes the requirement that you do not disclose a pass code to third parties (including, where relevant, allowing third parties to register a fingerprint on a TouchID enabled device).

6. Information you must give us to make an Osko Payment

1. The information you must give us to instruct us to make an NPP or Osko Payment is
 - i. The destination (either PayID or BSB/Account number)
 - ii. Amount of Transaction
 - iii. The date
 - iv. Description of the transaction
2. You acknowledge that we are not obliged to affect an NPP or Osko Payment if you do not give us all of the above information or if any of the information you give us is inaccurate.

7. Investigations and liability for unrecoverable funds

CMCU has obligations in relation to investigating and recovering funds sent as NPP or Osko payments. CMCU is also committed to obligations under ePayments Code in relation to investigating and recovering mistaken payment. Members should note their liability in relation to funds that cannot be recovered, as set out in Section 15 of Part 5 EFT Access Facilities and ePayments Conditions of Use.

8. Fees and Charges

All CMCU's fees and charges are outlined in our Schedule of Fees, Charges and Member Rewards brochure, available at www.cmcu.com.au. CMCU reserves the right to introduce or amend fees in relation to this service

9. Payment disputes and investigations

We will keep you informed of the progress of all disputes and investigations. However we may not notify you or keep you informed of certain investigations and disputes where we reasonably determine that doing so will, or is likely to, compromise the integrity of the investigation or Osko more broadly.

10. Notifications

Transactions effected as an NPP or Osko Payment will be notified to you in the usual manner, being a transaction listing on the relevant account viewable on your statements or via Digital Banking. You will be promptly informed of failed transactions via SMS.

11. Limitation of liability

See Part 5 Section 8 EFT Access Facilities and ePayments Conditions of Use.

When we and the sending financial institution determine that an NPP or Osko Payment made to your account is either a mistaken internet payment or a misdirected payment, we may, without your consent, and subject to complying with any other applicable terms and conditions, deduct from your account an amount equal to that mistaken internet payment or misdirected payment, we will notify you if this occurs.

12. Suspension and termination

1. Suspensions and terminations for your default

We may suspend or terminate your participation in NPP or Osko if:

- a) we suspect that you, or someone acting on your behalf, is being fraudulent;

- b) we suspect that you are using NPP and Osko in a manner that will or is likely to affect our ability to continue providing NPP and Osko to you or our other customers;
- c) you breach any obligation under these Terms which is capable of remedy and do not remedy that breach within 20 Business Days of receipt of a notice from us specifying the breach and requiring the breach to be remedied;
- d) you breach any obligation under these Terms which is incapable of remedy;
- e) you suffer an Insolvency Event;
- f) CMCU has any other reasonable grounds for terminating your participation, and provides you with adequate notice prior to terminating your participation.

If your PayID has been suspended or terminated in accordance with this section, it may not be transferred or updated until it has been unlocked.

2. Other suspension or termination events

In addition to clause 12.1, we may immediately terminate and/or suspend your participation in NPP and Osko by notifying you if:

- a) our membership to the Scheme or our subscription to NPP and Osko is suspended, ceases or is cancelled (as the case may be) for any reason;
- b) we have other reasonable grounds, as determined by CMCU, for suspending your participation in NPP and Osko.

3. Consequences of termination

Termination or suspension of your right to use NPP and Osko does not:

- a) prejudice any claims either party may have against the other in respect of any then subsisting breaches of these Terms; or
- b) otherwise affect the accrued rights or remedies of either party.

13. Changes to terms

1. We may change these Terms or any documents referred to in these Terms at any time by giving you at least 30 days written notice before such change takes effect.

2. Unless a change under paragraph (a) is reasonably necessary to:
 - i. comply with any law;
 - ii. accommodate changes in the operation of the BPAY® Scheme or Osko;
 - iii. accommodate changes in our operations or systems;
 - iv. comply with BPAY's or our security policies and procedures, or
3. You may terminate your participation in Osko by giving us written notice at any time before such change takes effect. Any such termination under this clause will take effect on the day before the date notified by us that the change takes effect.

14. Creation and maintenance of your account PayID

1. You can open a PayID for receiving NPP and Osko Payments in one of CMCU Branches.
2. Members are able to open more than one PayID for each account. You may, for example, activate two telephone numbers as PayIDs for receiving NPP and Osko Payments to your account.
